RD ezLink Terms and Conditions for Business Users (the "Business User Terms")

PLEASE CAREFULLY READ THE BUSINESS USER TERMS BEFORE USING THE RD EZLINK SERVICES. BY CREATING A BUSINESS PROFILE AND/OR USING THE RD EZLINK SERVICES, YOU AGREE TO BE BOUND BY THE FOLLOWING TERMS AND CONDITIONS.

Part 1 – General Terms and Conditions

1 Interpretation and Definitions

Unless otherwise defined, terms used in the Business User Terms (including the Schedules) are defined in the Schedule 1. The rules for interpreting the provisions of the Business User Terms are also set out in Schedule 1.

2 Provision and use of the RD ezLink Services

2.1 To be eligible to use the RD ezLink Services, the Business User shall create its Business Profile in the RD ezLink by providing and/or uploading, through a Platform, the information and documents requested by RDEZ from time to time.

2.2 RDEZ may offer RD ezLink Services on such terms and conditions as RDEZ may specify from time to time. RDEZ has the right to do all or any of the following from time to time:

- (a) introduce new (or new types of) RD ezLink Services or new features in them;
- (b) expand, modify, reduce, suspend or terminate any existing (or existing types of) RD ezLink Services or any features in them, such as to remove the Business Profile or to require the Business User to remove its Business Profile; and
- (c) impose and vary any restrictions on the use of the RD ezLink Services.

2.3 By submitting a request to create the Business Profile, the Business User agrees to be bound by the Business User Terms, which will apply in conjunction with any additional terms and conditions that RDEZ may impose from time to time.

3 Collection, use and sharing of the Business User's Information

3.1 This Clause 3 explains how RDEZ will use the Business User's Information. For the avoidance of doubt, Part 6A of the PDPO shall not apply to the use of Personal Data (having incorporated from an Individual Account to form part of a Business Profile and thus constitutes Business Users' Information) for direct marketing purpose by RD Technologies (or RDEZ) targeted at the Business User or the representatives of a Business User.

3.2 The Business User shall:

- (a) ensure that, before any Related Person provides Personal Data to RDEZ, such person has read and understood the PDPO Notices and agreed to be bound

by them, and where the provision of Personal Data by any Related Person to RDEZ is for the purpose of opening an Individual Account, such person understood that by agreeing to create a Business Profile on the Platform for the Business User, or successfully 'linking' or 'connecting' the Individual Account with a Business Profile, the Personal Data contained in the Individual Account will form a part of the Business Profile and constitute Business User's Information, hence may be used by RD Technologies (or RDEZ) for direct marketing purpose targeted at the Business User or such person who act in the capacity of a representative of the Business User;

- (b) promptly provide or upload all Business User's Information to the RD ezLink via a Platform, as requested by RDEZ, an RD ezLink Partner or a Connected RD ezLink Partner from time to time;
- (c) upon any change to any Business User's Information, promptly provide such updated information or documents to the RD ezLink via a Platform, and in any event within fourteen (14) days of the change; and
- (d) take such steps as are required from time to time for the purposes of any Applicable Laws to permit RDEZ to use, store, disclose, process and transfer any Business User's Information in the manner set out in the Business User Terms.

3.3 Business User's Information may be requested by RDEZ, any RD ezLink Partner or Connected RD ezLink Partner or other parties on their behalf, who may collect, use and share such Business User's Information for their own purposes. The Business User's Information may have been collected from the Business User itself or its Related Person directly, from a person acting on behalf of the Business User or a Related Person, from other sources (including from publicly available information) and it may be generated or combined with other information available to RDEZ (including those derived from verifying the Business User's Information).

3.4 The purposes for which Business User's Information may be used by RDEZ are as follows:

- (a) considering the Business User's application for the RD ezLink Services;
- (b) creating and maintaining the Business Profile and providing the RD ezLink Services to the Business User;
- (c) complying with any Compliance Obligations or contractual obligations, requirements or arrangements that RDEZ is expected to comply with;
- (d) matching against any data held by RDEZ or for whatever purposes (whether or not with a view to taking any adverse actions against you); and
- (e) such other purposes set out in the PDPO Notices applicable to Personal Data as if they would apply in full in this Clause 3 to non-Personal Data.

3.5 Business User's Information will not be disclosed to anyone (including any RD ezLink Partner), other than where:

- (a) RDEZ is required to disclose the same under the Applicable Laws;
- (b) RDEZ has a public duty to disclose;
- (c) the interests of RDEZ require such disclosure;
- (d) the disclosure is made with the consent or authorisation of the Business User or the relevant Related Person, or is expressly provided under this Business Users Terms; or
- (e) the disclosure is made to the class of recipients set out in the PDPO Notices as if the PDPO Notices would apply to such Business User's Information (who may also use, transfer and disclose such information for the purposes set out therein).

3.6 Where (i) you fail to provide promptly any Business User's Information as may be requested by us or any RD ezLink Partner (including any Connected RD ezLink Partner), (ii) you withhold or withdraw any consents that we may need to process, transfer or disclose any Business User's Information for the purposes set out herein (except for purposes connected with marketing or promoting products and services to you), or (iii) we have suspicions regarding Financial Crime or an associated risk, we may:

- (a) make our own judgment with respect to your status;
- (b) take actions necessary for us to meet the Compliance Obligations; and
- (c) be unable to provide, or continue to provide, all or any part of the RD ezLink Services and reserve the right to terminate our relationship with you and/or each Individual User.

3.7 RDEZ is authorised to provide the Business User's Information to any Individual User or director of the Business User or such other person whom RDEZ is reasonably satisfied as being a member of the Business User's governing body.

3.8 This Clause 3 shall continue to apply notwithstanding the termination or removal of the Business Profile or the RD ezLink Services.

4 Instructions

4.1 Instructions may be given by the Business User to RDEZ via a Platform or any other means as RDEZ may specify from time to time, such as to authorise RDEZ to share its Business Profile with a Connected RD ezLink Partner or to subsequently revoke such authorisation. RDEZ has the right to, where applicable, accept or refuse any Instruction and to prescribe any standard, condition or procedure for accepting an Instruction without giving any reason or prior notice to the Business User.

- 4.2 All Instructions given by any Individual User shall be deemed to have been given or made on the Business User's behalf (without any need of further confirmation by RDEZ) and shall be binding on the Business User.
- 4.3 The Business User acknowledges that each Individual User has been duly authorised by the Business User to create, access, edit, maintain and share the Business Profile and/or to give an Instruction on its behalf, subject to any restrictions imposed by the Business User and approved by RDEZ. Each Individual User shall have the proper and valid authority to deal with RDEZ until RDEZ has received from the Business User effective written revocation of their authority pursuant to such procedures as prescribed by RDEZ from time to time and RDEZ has been given a reasonable time to act on such revocation.
- 4.4 RDEZ is authorised to accept an Instruction if RDEZ believes in good faith that such Instruction is given by the Business User, any Individual User, any person authorised by the Business User or any person purporting to or appearing to act on behalf of the Business User. RDEZ shall have no duty to verify the identity or authority of the person giving an Instruction or the authenticity of such Instruction, apart from verifying the Login Details and/or such other identifiers of the Business User and the scope of authority granted to such person to the extent RDEZ considers necessary. Such Instructions received shall be binding upon the Business User.
- 4.5 The Business User agrees that RDEZ may regard each of the Business User's Instructions as a separate Instruction and is entitled to act on each such Instruction notwithstanding that it is or appears to be in conflict with or appears to be a duplicate of another Instruction.
- 4.6 Any Instruction, once given by the Business User, may not be amended, revoked or withdrawn without the consent of RDEZ. RDEZ may, but is not obliged to, act on a request to cancel or amend an Instruction. RDEZ may have fully executed the underlying Instruction or it may have insufficient time or it may be unable to cancel or amend an unexecuted or a partly executed Instruction for any reason. Any such Instruction acted on by RDEZ in good faith shall be irrevocable and binding on the Business User, even if it is unintentional, incorrect, false or unclear, or it has not been given or authorised by the Business User. If a dispute arises at any time in relation to the contents of any Instruction, RDEZ's relevant records shall be conclusive evidence of such contents.
- 4.7 In addition to all other rights conferred on RDEZ under the Business User Terms, RDEZ has the right to delay acting or not to act on an Instruction or any part of an Instruction without giving prior notice to the Business User, including under any of the following circumstances:
- (a) if, in RDEZ's reasonable opinion, the Instruction is unclear, ambiguous, incomplete, contains any error or conflicting with other Instructions, or may have been withdrawn or revoked or have expired;
 - (b) if the Instruction is not given in a form or by such means or manner which is acceptable to RDEZ;

- (c) if RDEZ is unable to act on the Instruction due to any reason beyond its reasonable control;
- (d) if, in RDEZ's reasonable opinion, the Instruction is not consistent with or in breach of any Applicable Laws or any provision of the Business User Terms; and
- (e) if RDEZ suspects the authenticity of an Instruction or the authority of the person giving it.

4.8 All Instructions and other communications given by the Business User to RDEZ through electronic means (such as those made via a Platform), which are digitally signed or otherwise given in accordance with the procedures imposed by RDEZ from time to time relating to the giving of electronic Instructions and communications, shall have the same legal effect, validity and enforceability as if such Instructions and communications were signed by you in writing and physically delivered to RDEZ.

5 Records

5.1 In the course of providing the RD ezLink Services, RDEZ is authorised to record all Instructions or communications in the RD ezLink between: (a) RDEZ and the Business User, an Individual User or any person acting or purporting to act on the Business User's behalf; and (b) a Connected RD ezLink Partner or an RD ezLink Partner and the Business User, an Individual User or any person acting or purporting to act on the Business User's behalf, and to retain those recordings or records for a period of time as RDEZ considers necessary.

5.2 The Business User may access the Records in connection with the Business Profile or the Business User's use of the RD ezLink Services, through a Platform or such other means as determined by RDEZ from time to time.

5.3 All Records will be made available to the Business User electronically via a Platform. The Business User agrees to download, save or print the Record in a timely manner. Such Record may be removed by RDEZ from such Platform following the expiry of a period designated by RDEZ from time to time.

6 Fees, charges; Costs and expenses

6.1 In consideration of and as compensation for the Business User's use and access to the RD ezLink Services, the Business User shall pay to RDEZ certain Fees specified by RDEZ on a Platform from time to time. The Business User shall also pay RDEZ all applicable fees and charges, and costs and expenses reasonably incurred by RDEZ in relation to its use of any RD ezLink Services or the Business Profile (if any).

6.2 The applicable Fees are determined by RDEZ at its sole discretion and may be revised by RDEZ and notified to the Business User from time to time.

6.3 Any fees, charges, costs and expenses referred to in this Clause 6 shall be paid by the Business User on the due date specified by RDEZ or on demand by RDEZ and in each

case, in such amount(s) and in such currency as RDEZ shall determine or specify from time to time.

6.4 If RDEZ is required to convert one currency to another currency as required or appropriate under the Business User Terms, such conversion will be affected at RDEZ's prevailing exchange rate at the time of conversion.

6.5 All payments by the Business User shall be made to RDEZ without any set-off, counterclaim or condition and free and clear of all present and future Taxes, withholdings or deductions of any nature except that, if the Business User is compelled by the Applicable Laws to make such withholding, the sum payable by the Business User shall be increased so that the amount actually received by RDEZ is the amount it would have received had there been no withholding. For the avoidance of doubt, any Tax imposed by an Authority on any such payments shall be borne by the Business User.

7 Business User's Undertakings, Representations and Warranties

7.1 The Business User undertakes to, and shall procure each Individual User to, use the RD ezLink Services in accordance with all Applicable Laws, the Business User Terms, the Platform Terms of Use and any user guides applicable to the RD ezLink Services, the RD ezLink and the Business Profile, any other agreement between the Business User or an Individual User and RDEZ and other terms and conditions stipulated by RDEZ from time to time, each as may be amended and supplemented by RDEZ from time to time.

7.2 The Business User represents and warrants that:

- (a) it is a corporation duly incorporated and validly existing under the law of its jurisdiction of incorporation;
- (b) it has not been, or is, in the process of being dissolved, struck-off, wound-up or liquidated;
- (c) none of (i) it, (ii) any Individual User; (iii) any of its subsidiaries or (iv) any of its directors, officers, employees, agents or affiliates or that of any of its subsidiaries is an individual or entity (a "**Sanctioned Person**") that is, or owned or controlled by Sanctioned Persons that are, the subject of any sanctions administered or enforced by any Authority (collectively, "**Sanctions**") or located, organised or resident in a country or territory that is, or whose government is, the subject of Sanctions;
- (d) it has complied with, and shall continue to comply with, and shall procure that each Related Person has complied with and shall continue to comply with all Applicable Laws and all Tax obligations in all jurisdictions in which those obligations arise;

- (e) all information and documents provided by it or by a Related Person or by any person on their behalf to RDEZ (including all Business User's Information) are accurate, correct, complete, up-to-date and are in full force and effect;
- (f) it has the power to enter into, perform and deliver, and has taken all necessary action to authorise its entry into and perform the Business User Terms, and any transactions contemplated by the Business User Terms; and
- (g) the entry into and performance by the Business User of the Business User Terms do not and will not violate or conflict with: (i) any Applicable Laws including, but not limited to, any anti-corruption and public procurement laws and regulations, any agreement or instrument to which the Business User is a party to or by which it is bound; or (ii) the Business User's constitutional documents;
- (h) in the event that a party receives any request, or demand, for any undue financial or other advantage of any kind in connection with its performance under the Business User Terms, such party shall promptly notify the other party;
- (i) the Business User will cooperate in good faith with RDEZ and its representatives in the event of any actual, or potential, violation of any Applicable Laws, or any breach of representations, warranties or covenants hereunder, by it, its directors, officers, employees or agents including providing access to its owners, directors, officers, employees or agents for interviews; and
- (j) each of the abovementioned representations and warranties will remain true and correct throughout the duration of the Business User Terms.

7.3 If the Business User is established or registered in the PRC or may otherwise be potentially subject to the requirements imposed by China Financial Certification Authority (CFCA), the Business User confirms that it has read, understood and agreed to be bound by the "CFCA Digital Certificate Service Agreement" (《CFCA 数字证书服务协议》) and the "Security Tips for Digital Certificate Use" (《数字证书使用安全提示》).

8 Termination or suspension

8.1 The Business User remains responsible for performing and discharging its obligations and liabilities incurred or accrued before or at the time of any suspension or termination described in this Clause 8.

8.2 Subject to Clause 8.3 of this Part, the Business User may delete or terminate its Business Profile and/or use of the RD ezLink Services at any time by giving notice to RDEZ via the means specified by RDEZ from time to time. The period of notice to be given by the Business User under this clause shall be determined by RDEZ from time to time.

- 8.3 If the Business Profile of the Business User has been shared with or transferred to a Connected RD ezLink Partner pursuant to Clause 4.4 of Part 3 below, the Business User cannot delete or terminate its Business Profile until and unless the revocation request is accepted and fully processed by the Connected RD ezLink Partner under Clause 4.6 of Part 3 below.
- 8.4 RDEZ may, with or without giving the Business User any notice or reason, modify, remove, suspend, discontinue or terminate the provision of the Business Profile, Individual Account, the RD ezLink Services, the Content, any Platform or any communication channel, whether in whole or in part and whether general or with respect to specific persons.
- 8.5 Without prejudice to Clause 8.4 of this Part and any overriding right of RDEZ to terminate the Business User Terms without giving the Business User any notice or reason, RDEZ may terminate the Business User Terms with immediate effect by giving the Business User notice upon the occurrence of any of the following events:
- (a) the Business User or any Individual User is in breach of any undertaking, representation or warranty in or provision of the Business User Terms, the Individual User Terms or any other applicable terms and conditions and agreements;
 - (b) there is any breach or failure (or suspected breach or failure) by the Business User and/or any Related Person to observe any Applicable Laws;
 - (c) the Business Profile, the RD ezLink or the RD ezLink Services is being used or is suspected of being used for any illegal purpose or activity in any jurisdiction;
 - (d) if any action under any provision of any Applicable Laws relating to insolvency or bankruptcy (or other analogous procedures) is filed by or against the Business User and such action is not dismissed within sixty (60) days of the filing;
 - (e) the Business User has a receiver or trustee (or other analogous officer) appointed in respect of it or substantially all of its assets or property and such appointment is not withdrawn within sixty (60) days of the date of the appointment;
 - (f) the Business User makes any arrangement with its creditors or becomes subject to an administration order or goes into liquidation or anything analogous to the foregoing or the other party ceases to carry on business;
 - (g) it is necessary or useful in RDEZ's opinion to terminate the Business User Terms to prevent the violation of any Applicable Laws, internal policies or procedures established by RDEZ in accordance with the Applicable Laws or good market practice; or

- (h) in the event of a reorganisation, merger, consolidation or sale or other disposition of substantially all of the assets of the Business User.
- 8.6 Upon the removal or termination of the Business Profile or the RD ezLink Services or the termination of the Business User Terms for any reason, RDEZ shall cease to have any further obligation to provide any benefit or services to the Business User in respect of the Business Profile or otherwise. In particular:
- (a) the Business User's rights to use the RD ezLink and the RD ezLink Services shall cease;
 - (b) the Business User shall immediately inhibit all access to the RD ezLink and the RD ezLink Services (and any such access by its Related Persons); and
 - (c) (upon termination of the Business User Terms for any reason) all amounts due or owing by the Business User to RDEZ shall become immediately due and payable.
- 8.7 If all or any part of the RD ezLink Services or the Business Profile is removed, suspended or terminated for any reason whether by the Business User or by RDEZ, RDEZ has the right to, without giving notice to the Business User:
- (a) cancel or terminate any Instruction or any part of an Instruction which has not been executed by RDEZ at the time of removal, suspension or termination (as the case may be); or
 - (b) execute any Instruction on the Business User's behalf before the removal, suspension or termination.
- 8.8 We have the right to restrict or impose conditions for using, accessing or operating the Business Profile, Individual Account or RD ezLink Services (as the case may be) if it has been inactive for a certain period of time as determined by us.
- 8.9 Unless we have received specific contrary instructions from the Business User, we have the right to remove, close or terminate the Business Profile and/or an Individual Account if it remains inactive for a period of time set by us from time to time.

9 Limitation of Liabilities

- 9.1 RDEZ will take reasonably practicable steps to ensure that its systems in connection with the RD ezLink and the RD ezLink Services are installed with adequate security designs and to control and manage the risks in operating the systems, taking into account any Applicable Laws and prevailing market practices which may be applicable to RDEZ from time to time. However, the Business User accepts that:
- (a) the internet may not always be a reliable medium of communication;
 - (b) a Platform may not meet all the requirements or expectations of the Business User;

- (c) Instructions may be subject to delays, misunderstandings and errors in transmissions, executions and communications or interruptions from time to time; and
- (d) the operation, functionality and reliability of the RD ezLink, the RD ezLink Services and/or a Platform may be subject to interruptions or variation and/or require periodic modifications and improvements from time to time.

9.2 The Business User agrees that neither RDEZ nor its affiliates or group members nor any of their respective directors, employees, consultants, contractors or agents shall be liable for any direct, indirect, special, exemplary, punitive, incidental or consequential loss or damage or expense of any kind, whether based on contract, tort or otherwise which arises out of or are in any way connected with the Business User Terms, the Business User's use or inability to use or access the Business Profile, a Platform, the RD ezLink or the RD ezLink Services, and whether such loss, damage or expense is caused by negligence or otherwise, and whether RDEZ has any control over the circumstances giving rise to the claim or not.

9.3 Nothing in the Business User Terms shall exclude liability for death or personal injury caused by RDEZ's negligence. All terms expressed or implied by statute or otherwise are hereby excluded to the fullest extent permitted by Applicable Laws.

10 Indemnity

10.1 The Business User agrees to hold harmless and indemnify RDEZ and any of its affiliates and each of its respective officers, employees, agents, consultants, contractors and representatives ("**RDEZ Parties**") against any and all Losses suffered or incurred by any of them (whether or not foreseeable) arising out of or in connection with:

- (a) the use of the RD ezLink, the RD ezLink Services or any Platform by the Business User or its Related Persons;
- (b) claims, proceedings or actions made or brought against it by any third party arising out of any breach by the Business User or its Related Persons of any of its obligations to such third party hereunder;
- (c) any act or omission by the Business User or anyone acting on its behalf that violates any Applicable Laws;
- (d) any breach by the Business User or anyone acting on its behalf of any representation, warranty or provision under Business User Terms;
- (e) RDEZ's maintenance or operation of the Business Profile, RD ezLink Services, the RD ezLink or any Platform;
- (f) RDEZ accepting or acting (or not accepting or acting) on any Instruction or any revocation, cancellation, alteration of or delay in executing any such instruction in full or in part for any reason;

- (g) (with respect to any Content or communications transmitted between the RD ezLink Partner and a Business User through the RD ezLink) any failure to transmit or receive any Content or communications to or from a Business User or an RD ezLink Partner through the RD ezLink for any reason;
- (h) failure of the Business User or any person acting on its behalf to safeguard the Electronic Devices or Login Details; and
- (i) RDEZ preserving or enforcing its rights under the Business User Terms (including commencing legal proceedings), or complying with its obligations under the Business User Terms,

unless such Losses are caused directly by the gross negligence, wilful default or fraud of any RDEZ Parties.

- 10.2 This indemnity shall continue after the termination or removal of the RD ezLink Services or the Business Profile.

11 Amendments

- 11.1 RDEZ may add, delete, change or revise the Business User Terms and any other terms and conditions governing the use of the RD ezLink and the RD ezLink Services from time to time. Any addition, deletion and amendments to the Business User Terms shall become effective upon RDEZ giving reasonable notice to the Business User.
- 11.2 Alternatively, RDEZ may give notice to the Business User by posting it on each Platform or by such other means as RDEZ thinks fit, and any such amendments shall be binding on the Business User if the Business User continues to operate and maintain the Business Profile or use the RD ezLink or the RD ezLink Services on or after the effective date of any such amendment.

12 Communications

- 12.1 RDEZ shall be entitled to prescribe from time to time the form and channel of communication with the Business User.
- 12.2 All notices or communications shall be in writing. A party will be deemed to have received a notice or communication given by the other: (a) at the time of personal delivery or leaving it at the address last notified in writing by one party to another (if delivered personally); (b) forty-eight (48) hours after posting it to the abovementioned address if that address is in Hong Kong or seven (7) days after posting if that address is outside Hong Kong (if sent by post, registered mail or courier); or (c) immediately after emailing it to the email address last notified in writing by one party to another (if sent by email).

13 Severability

Each of the provisions of the Business User Terms is severable and distinct from the others and, if at any time one or more of such provisions is or becomes illegal, invalid or unenforceable in any respect under the laws of any jurisdiction, they shall be

deemed modified to the minimum extent necessary to make them valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision shall be deemed deleted and the legality, validity and enforceability of the remaining provisions shall not be affected in any way.

14 Waiver

No act, delay or omission by RDEZ, at any time, shall affect its rights, powers and remedies under the Business User Terms or any further or other exercise of such rights, powers and remedies at any time thereafter. The rights, powers and remedies of RDEZ under the Business User Terms are cumulative and not exclusive of the rights, powers and remedies provided by law.

15 Assignment

15.1 The Business User is not entitled to assign or otherwise transfer any of its rights, obligations or benefits under the Business User Terms without the prior written consent of RDEZ.

15.2 RDEZ is entitled to assign or otherwise transfer any of its rights, obligations and benefits under the Business User Terms to any successor entity, affiliate or other person at its sole discretion.

16 No Breach

Notwithstanding anything to the contrary, nothing in the Business User Terms obliges us or you to do or omit to do anything if it would or might in our reasonable opinion constitute a breach of (a) any of our policies, (b) any Applicable Law, or (c) any order or sanction of or imposed by any Authority.

17 Entire Agreement

17.1 The Business User Terms constitutes the entire agreement between RDEZ and the Business User and replaces all previous agreements, promises, assurances, warranties, representations and understandings between the parties, whether written or oral, relating to its subject matter.

17.2 No party has relied on any oral or written communication, proposal, representation or warranty made, or purportedly made, by the other party or on its behalf except as set out in the Business User Terms.

18 No Third Party Rights

Except as expressly provided in the Business User Terms, a person who is not a party to the Business User Terms has no right under the Contracts (Rights of Third Parties) Ordinance (Chapter 623 of the Laws of Hong Kong) to enforce or to enjoy the benefit of any term of the same.

19 Inconsistency

19.1 In the event of any conflict or discrepancy between:

- (a) the English version and Chinese version of the Business User Terms, the English version shall prevail; and
- (b) the Individual User Terms and the Business User Terms, the Business User Terms shall prevail.

20 Governing Law and Jurisdiction

20.1 The Business User Terms shall be governed by and interpreted in accordance with the laws of Hong Kong and the Business User submits to the exclusive jurisdiction of the Hong Kong courts.

20.2 Notwithstanding Clause 20.1 of this Part, RDEZ shall not be prevented from taking proceedings relating to any dispute arising out of or in connection with the Business User Terms (including any dispute relating to a non-contractual obligation arising from or in connection with the Business User Terms and any dispute regarding the existence, validity or termination of the Business User Terms) and/or enforcing the Business User Terms in the courts of any competent jurisdiction.

Part 2 - Application Representatives and Profile Controllers

1 Application

This Part applies to the appointment and removal of and regulates the conduct of Application Representatives and Profile Controllers.

2 Appointment and removal of Application Representatives and Profile Controllers

2.1 The Business User understands that, in accordance with the procedures prescribed by RDEZ from time to time, it:

- (a) shall appoint one Application Representative at a time;
- (b) shall appoint at least one Tier 1 Profile Controller; and
- (c) may, but is not obliged to, appoint one or more Tier 2 Profile Controllers.

2.2 The Business User understands that:

- (a) if it wishes to terminate the appointment of an Application Representative and appoint a new Application Representative during the application stage, it must withdraw or abandon the application made by that Application Representative to create a Business Profile in a manner prescribed by RDEZ from time to time. A new application to create the Business Profile can then be submitted by the new Application Representative;
- (b) any Tier 1 Profile Controller can only be appointed with the approval of the Business User during the application stage ("**Initial Tier 1 Profile Controller**"); and
- (c) upon successful application and creation of a Business Profile, any Tier 1 Profile Controller (regardless of whether he/she is an Initial Tier 1 Profile Controller) is authorised to appoint or remove any type of Profile Controller, and any such appointment or removal shall be notified to RDEZ according to such procedures as RDEZ may prescribe from time to time.

3 Security Measures

3.1 The Business User shall appoint, according to such procedures as RDEZ may prescribe from time to time, Individual Users to, amongst other things, create, edit, maintain and share the Business Profile. The Business User acknowledges that it will act through the Individual Users to, amongst other things, create, edit, maintain and share the Business Profile and use the RD ezLink Services on the Business User's behalf.

3.2 The Business User shall, and shall procure each Individual User to, comply with all requirements, instructions and recommendations relating to security for the use of the Platforms, the Business Profile, the RD ezLink and the RD ezLink Services as RDEZ may prescribe from time to time, which includes the Platform Terms of Use, the

Individual User Terms and all the security procedures established by RDEZ for the abovementioned.

- 3.3 The Business User agrees to be responsible for setting up, maintaining and regularly reviewing security measures in relation to the access to and use of the Platforms, Business Profile, Individual Accounts, the RD ezLink and the RD ezLink Services by its Individual Users, including security measures relating to the control and use of and access to any Electronic Devices and each Individual User's Login Details.
- 3.4 Each of the Login Details will remain effective until changed or cancelled by the Individual User or the Business User in accordance with such procedures as prescribed by RDEZ from time to time and the change or cancellation is accepted by RDEZ.
